

ETHNOLOGY / ETHNOARCHAEOLOGY

READING LIST FOR SEPTEMBER 18, 2001 ANTH 228 - LITHIC TECHNOLOGY

- Binford, L.R. (1986). An Alyawara day: Making men's knives and beyond. *American Antiquity* **51**:547-562.
- Binford, L. R., and O'Connell, J. F. (1985). An Alyawara day: The stone quarry. *Journal of Anthropological Research* **40**:406-432.
- Clark, J.E. (1991). Modern Lacondon lithic technology and blade workshops. In T.R. Hester, and H.J. Shafer (eds) *Maya Stone Tools*, pp. 251-266. Madison: Prehistory Press.
- Clark, J.E. (1995). A Maya grass axe or corn sickle. *Lithic Technology* **20**:128-134.
- Gero, J. M. (1991). Genderlithics: Women's role in stone tool production. In Gero, J.M. and Conkey, M. W. (eds) *Engendering Archaeology: Women and Prehistory*, pp. 163-193. **We'll return to this one. Concentrate here on pp. 163-173.**
- Hohenthal, W.D. Jr. (1950). Southern Diegueño use and knowledge of lithic materials. *Kroeber Anthropological Society Papers* **2**:9-16. Berkeley.
- Holmes, W.H. (1919). Handbook of Aboriginal American Antiquities: Part I, Introductory, The Lithic Industries. Bureau of American Ethnology Bulletin 60. This is the foundation of North American lithic technology. If you haven't seen this, you're in for a treat. **Read The Stone Shaping Arts, pp. 278-367.**
- Lewenstein, S.M. (1987). *Stone Tool Use at Cerros*. University of Texas Press. **Look at entire book, read Chapter 3: Experimental use of stone tools.**
- Miller, T.O., Jr. (1979). Stonework of the Xeta Indians of Brazil. In Hayden, B. (ed) *Lithic Use-Wear Analysis*. pp. 401-407. New York: Academic Press.
- Nelson, N.C. (1916). Flint Working by Ishi. In F.W. Hodge (ed) *William Henry Holmes Anniversary Volume*, pp. 397-402. Washington, DC.
- Shackley, M.S. (2001) The stone tool technology of Ishi and the Yana of north central California: inferences for hunter-gatherer cultural identity in historic California. *American Anthropologist* **102**:693-712.
- Shott, M.J. (1989). Bipolar industries: ethnographic evidence and archaeological implications. *North American Archaeologist* **10**:1-24.
- Tindale, N.B. (1985). Australian Aboriginal techniques of pressure-flaking stone implements: some personal observations. In M.G. Plew, J.C. Woods, and M.G. Pavesic (eds) *Stone Tool Analysis: Essays in Honor of Don E. Crabtree*, pp. 1-34. University of New Mexico Press.
- Watson, V.D. (1995). Simple and significant: stone tools production in Highland New Guinea. *Lithic Technology* **20**:89-99.
